Subject: RE: map for property near Los Robles site

Hi Sandra,

Below is a portion of the aerial photo I sent to you previously which shows your property location in relation to the eastern portion of the Los Robles alternative site.

I prefer that you send any comments you have regarding the Soitec Solar Project to me; however, you are free to contact your elected representatives at any time. Their contact information can be obtained at the following web address: <http://www.sdcounty.ca.gov/general/bos.html>

My understanding is that the Los Robles site is NOT owned by the project applicant Soitec. Soitec reportedly has agreements in place with the site owner to potentially develop the site if all necessary permit approvals can be obtained.

Please let me know if you have any additional questions.

Thank you,

Robert Hingtgen, Planner III

Subject: map for property near Los Robles site

Hi Robert,

Thank you for showing us the approximate location of Sandra and Byron Cooper's property near Jewel Valley road. We would appreciate a more detailed map showing the Los Robles site and a red X on our property emailed to us.

Would it be possible for you to email us a list of the San Diego Board of Supervisors' phone numbers and emails?

Also, did I understand correctly that those areas marked out for the Los Robles site were already sold to SolTech(sp)?

Although we are truly unhappy with what is going on in Boulevard, we want to thank you for your time.

Sandra Cooper
